Education for Africa Learning Centre – Silvertown, Cape Town 1 December 2015

As the world celebrated World AIDS Day 2015, Breadline Africa officially launched three container classrooms and a toilet container donated to Education for Africa Learning Centre.

This NPO registered Learning Centre, reaches approximately 200 out-of-school youth from the surrounding communities who wish to complete their matric. The programme also encourages the youth to become responsible individuals and readdresses the educational imbalances of the past. Given the rough neighbourhoods from where they have grown up, this is without doubt, an onerous challenge.

The container classrooms will eliminate the need for learners to travel long distances for their education and hence reduces the risk of exposure to more crime and violence.

The Manenberg Community Police Forum attended the ceremony. They work to create safer working and living environments and made up of individuals from the Metro Police Department and organisations and institutions such as schools, youth groups and businesses. The motto that they live by is *a child in school is a child out of crime*. It is for this reason that they support the likes of Education for Africa.

The students themselves were thrilled at having access to the new containers and many expressed positive emotions. They have come a long way from having their lessons in a hall where one group was placed in one corner and another in the opposite corner.

Mr Mozwer, the principal of Education for Africa Learning Centre, along with Ms Angie Jacobs, one of the teachers, proudly welcomed the collaboration with all the partners present, and fully expressed their pride and passion for rebuilding the confidence in the youth, which many have lost.
