**Ubukhobakhe Daycare and Aftercare  
Centre, Khayelitsha, Cape Town  
Container Kitchen Handover  
12 September 2017**

On Sunday, 12 March 2017, the event organisers were forced to make the difficult decision to stop the 40th edition of the Cape Town Cycle Tour.

But in spite of this disappointment, all of the Breadline Africa riders who were raising funds towards a much-needed container kitchen for Ubukhobakhe Daycare and Aftercare Centre were able to achieve their fundraising targets, if not their cycle race goals.

Mrs Tembisa Longo, the principal of Ubukhobakhe said that she could not thank the cyclists enough, as they had changed not only her life for the better, but the lives of the children she works with on a daily basis.

All the teachers at the centre were filled with joy, and expressed this throughout the morning's launch celebrations. The cook also expressed her gratitude for allowing her to do what comes naturally for her ... feeding small children!

Breadline Africa's Programme Manager, Puleng Phooku added: "The centre's staff care and are passionate – exactly why they invest their time and effort to do their work to ensure that the future generation becomes the future leaders."
